

Digital transformation of healthcare on the highest level

Digitally transform your entire healthcare to:

- ▶ raise quality,
- ▶ improve efficiency,
- ▶ optimize work processes.

Caretronic has been on a mission to **improve** patient care since 1962.

Together we can make **big steps** into the **right direction**.

**WE HELP YOU
HELP OTHERS**

**HOSPITALS
NURSING HOMES
TELECARE**

Advanced healthcare technology tools which offer a unique set of benefits

MORE TIME FOR CARE AND SUPPORT

Smart digital solutions quicken the treatment processes, optimize workflow, and decrease the level of stress in hospitals and other caring facilities. Attentive and efficient patient care results in pleased and comfortable patients, who are likely to recover quicker.

FEWER CHANCES FOR MISTAKES

Optimized workflow cuts down on any potential losses. Every information is stored instantly, accessible with a simple touch, and transmitted among medical staff. Better communication leads to better decisions and better organization.

**DIGITALIZATION OF
HEALTHCARE BRINGS
POSITIVE CHANGES.**

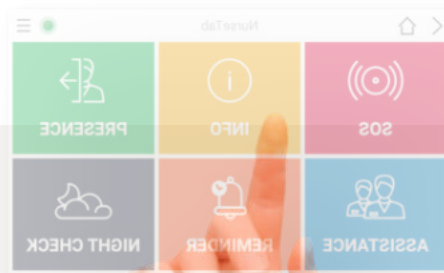

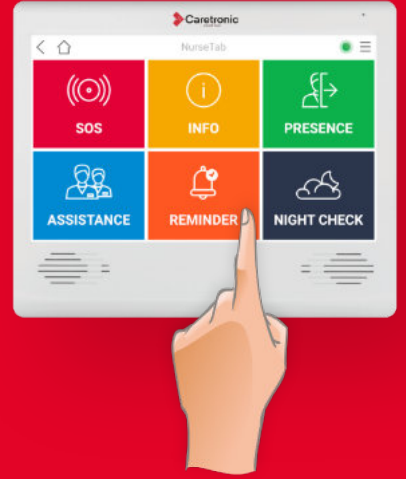

NurseCare

World's most advanced IP nurse call system

NurseCare is an intelligent, interactive IP nurse call system that digitalizes healthcare administration and health information management.

It is designed for healthcare personnel working in hospitals, clinics, care homes, nursing homes, and other healthcare institutions.

It is the only nurse call system on the market that combines a nurse call system with healthcare management and nursing documentation in one device.

ONE DEVICE, COUNTLESS FUNCTIONALITIES

Optimizes healthcare management

NurseCare digitalizes work processes in healthcare institutions, optimizes expenses, relieves healthcare personnel, and improves the quality and efficiency of healthcare services.

Based on advanced IP Technology

NurseCare is the only nurse call system on the market that combines an emergency nurse call system with healthcare management and nursing documentation in one device.

Compatible with any healthcare institution

NurseCare can be installed in any existing or new building and can be connected to existing nurse call systems of any brand.

Highest security level

The nurse call system's communication is based on the Internet Protocol and meets the highest security requirements and standards for a nurse call system.

Wired and wireless Nurse Call possibilities

NurseCare is available as a wired or wireless nurse call system or a combination of both. Wireless option includes wireless hand transmitters, which enable calls for help or trigger an alarm and transmit a location in case of a fall. It fits any infrastructure in the facility.

Documenting maintenance

The NurseCare system implements a notification tool for maintenance personnel and offers a clear overview of maintenance tasks with in-room electronic management and nursing documentation.

NURSECARE IS MORE THAN JUST A NURSE CALL SYSTEM

NURSECARE IS FULLY DIN VDE CERTIFIED FOR HIGH STANDARD OF SAFETY

NURSECARE'S KEY BENEFITS FOR NURSING PERSONNEL

- Ensures the safety of health-care personnel and their patients.
- Relieves nursing and caring professionals.
- Optimizes work processes in healthcare institutions.
- Optimizes expenses.
- Improves health care quality and efficiency.
- Provides the best solution for patient and elderly care.

#1 WORLD'S FULLY COMPREHENSIVE IP NURSE CALL SYSTEM

BUY A SYSTEM THAT FITS YOUR BUDGET

Looking for a new nurse call system but you are tight on budget and can not afford the one with all the nice features?

- NurseCare lets you buy parts that you want and doesn't force you to buy all sorts of features you don't want.
- You can add additional features when you need them.
- You can choose between entry and advanced level and you can easily upgrade from entry to advanced system in the future.
- All functions can be added anytime later after installing the system when the needs for more features expand.

NURSECARE ALLOWS YOU TO CHOOSE YOUR CONFIGURATION, GIVING YOU MORE FREEDOM

Ready to accelerate your healthcare processes?

We are always available to assist you with your nursing care needs.

Caretronic has been tremendous in developing and implementing the most advanced information management and communication solutions for hospitals, clinics, care homes, nursing homes, and all healthcare institutions. <<
